Rates for Savings and Checking Accounts

“Our Rates & Service Charges” sets forth current conditions and rates applicable to the savings and checking accounts we offer. We may offer other rates or amend the rates contained in this schedule from time to time. Each account holder agrees to the terms set forth on this Rate Disclosure and acknowledges that it is a part of the Member Service Agreement (MSA) and Business Service Agreement (BSA).

Effective Date: 06/30/2023	Dividend Rate	Annual Percentage Yield	Minimum Balance to Earn APY	Minimum Balance to Avoid Service Charge

Business Premium Checking (0810-0819)	0.05%	0.05%	\$5,000	\$5,000 daily balance

Explanation of Rates and Service Charges

As explained in the MSA and BSA, “Our Rates & Service Charges” applies to all the accounts we offer. Except as specifically described, the following terms apply to all of the accounts you have with us.

1. Rate Information

The Dividend Rate and Annual Percentage Yield (APY) on the savings and checking accounts you have with us are identified above. For all accounts, the dividend rate and APY may change at any time as determined by management. The Premium Savings and Business Premium Savings accounts are tiered rate accounts. The Dividend Rate for a particular tier will apply to the entire account balance if the account balance is within the balance range for that tier. The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date identified above. The Annual Percentage Yield is based on an assumption that dividends will remain on deposit for one full year for savings and checking accounts. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting

For all savings and checking accounts, dividends will be compounded and credited monthly. The dividend period begins on the first calendar day of the month and ends on the last calendar day of the month. Dividends are credited on the last day of each month.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to an account you have with us. For Premium Savings and Business Premium Checking accounts, accrued dividends will be paid up to the day the account is closed. For all other accounts, if you close your account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to earn the stated Annual Percentage Yield is identified above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all accounts except Premium Savings, Business Premium Savings and Business Premium Checking accounts, dividends are calculated by using the Daily Balance method, which applies a periodic rate to the balance in the account for each day in the period. For Premium Savings, Business Premium Savings and Business Premium Checking accounts, dividends are calculated using the Average Daily Balance method, in which dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is determined by adding the full amount of principal in the account for each day of the period, and dividing that figure by the number of days in the period.

6. Account Limitations

- For Dollar Dog accounts, the entire balance will be transferred to your Regular Share savings account on the last day of the month in which you turn 13.
- Secured account balances cannot be withdrawn until the credit union releases its security interest in funds on deposit.

7. Membership

As a condition of membership you must maintain the minimum required share(s) as set forth and described in “Our Service Charges” below. Should your share fall below the required Par Value, the credit union may transfer funds from other shares within membership, to bring your account to its required minimum balance, Par Value.

- Par Value of One Share: \$5.00
- Number of Shares Required, per membership: 1

Our Service Charges

Service charges are effective as of 05/01/2023 and are subject to change.

PAR VALUE \$5.00 per membership
