Youth and Education

CU1 supports organizations that serve and provide education to youth, to ensure they are provided the foundation needed to become successful members of our community. Special consideration will be given to programs teaching youth financial responsibility.

Health and Wellbeing

CU1 supports organizations that improve the health of our communities by providing support to those who are affected by disease or disability and encouraging individuals to seek tools to remain healthy through prevention and education.

Social Services

CU1 supports organizations that improve the social wellbeing of disadvantaged members of our community through providing basic needs (i.e. food, shelter, etc.) and opportunities to restore their ability to be successful, self-sufficient members of society.
